21st March 2020

PRESS RELEASE

OPPOSING VESTED INTEREST WHO ASSOCIATE MEN'S RIGHT / MEN'S COMMISSION WITH CRIMINALS.

We, MyNation Hope Foundation a not for profit organisation, pioneer and defender of Men's Rights in India with an extensive presence on social media. Founded more than 15 years with over 10,000 families registered, guiding, mentoring and assisting them to oppose false gender biased cases like Dowry, Domestic violence and other likes cases against husbands (men) and their families.

Our objective is establishing of a Ministry for Men / Men's Commission and implementing Gender Neutral laws. We neither condone nor support criminals who commit heinous crimes against any gender, these criminals and crimes, puts humanity to shame. Those who commit such heinous crimes deserve just punishment as laid down by law by adopting due process of thorough investigation by an independent unbiased investigating authority. The law as laid down should be applied impartially and equally irrespective of gender.

Any person or organization who supports such criminals found guilty by a Court of Law basis irrefutable evidence presented during the judicial process and seek empathy for such persons by fallacious claims of infringement of Men's Rights and raise demands for Men's Commission, as one of the stake holders at the forefront of the Men's Rights / Men's commission movement we hereby condemn any such person or association who for name, fame or gain, hijack the genuine voice of men and urge all other MRAs to do likewise.

Equality, Justice and Harmony

We fight for Equality among gender, Justice to all and Family Harmony

Our mission is to obtain justice for all genders, which can only be achieved through gender neutral laws and a Ministry/Commission/Organization that speaks and works for the other gender, i.e. Men, along the lines of the one for women, The National Commission for Women. The ideology is to seek justice for those women (Mother/Sisters of a Man) also who WCD/NCW terms has not comes under their mandate, who are real victims of crimes, but suffer injustice and humiliation while others conspire and manipulate gender biased laws for their ulterior motives. We strongly oppose media trials supported by women organisation to claim funds from the Government by supporting hanging or encounters, when heinous crimes committed by women are ignored as there are many instances of men are butchered, mutilated, and killed by women even by his beloved wife but the punishment meted out is not commensurate with the act. Thus we oppose all such biased laws and step motherly policies of the government.

We declare, that any person or organization, supporting/promoting proven criminals of rape or any other heinous crimes linking with Men's rights and demanding men's commission, are not part of this great movement. We oppose any such association.

THANKING YOU.
